

Supporting kids' natural defense systems is important to promoting their overall health as well as helping to alleviate occasional digestive distress. **Culturelle® Kids Packets** support a child's health by fostering the proper balance between good bacteria and the non-beneficial bacteria that resides in the gastrointestinal tract.*

Culturelle® Kids Packets contain Lactobacillus GG, one of the most widely studied probiotic strains. It is demonstrated to survive harsh stomach acids to get where it's needed most in the intestines and is recognized as safe for regular use.* Research has shown that Lactobacillus GG alleviates occasional digestive distress while supporting a child's natural defenses.*

Suggested Use

For children 25 to 50 lbs: Empty entire contents of one (1) packet into cool food or drink. Mix until dissolved. Do not add to warm or hot food or beverage. Take one (1) packet daily to support digestive and immune health. To alleviate occasional digestive distress, take up to seven (7) packets per day. When using more than 1 packet, take at regular intervals throughout the day. If conditions persist, consult your physician. Culturelle can be taken with or without food at any time of day.

For children over 50 lbs: Take **Culturelle Kids Probiotic Chewables** as directed on package.

For children over 100 lbs: Take **Culturelle Digestive Health Probiotic** capsules as directed on package.

THIS PRODUCT IS INTENDED FOR USE UNDER ADULT SUPERVISION ONLY. KEEP OUT OF REACH OF CHILDREN. Not intended for children under 1 year of age. This product should not be used by those with immune problems unless directed by a physician.
